

# Unlock Compliance Excellence with andros

Navigating healthcare compliance can be challenging, with risks of non-compliance, expertise gaps, and inefficient credentialing workflows. These issues not only threaten compliance but can also delay critical patient services. Enter andros Compliance Services!

andros is excited to launch our dedicated compliance service for payers, specifically designed to streamline your workflows and reduce compliance risk. Our tailor-made services cut through the complexity, ensuring you operate more efficiently.

## **Payers:**

### **Delegated Audits**

Perform pre- and annual delegation audits on behalf of clients. Includes reviewing policies and procedures, credentialing files, committee minutes and ongoing monitoring logs, and preparing an audit summary.

### **Ongoing Compliance Support**

Overall consultative support on credentialing best practices, industry trends, accreditation, and regulatory body compliance including audit support. 1:1 consultations and the flexibility to have questions answered promptly through email correspondence.

### **Special Projects**

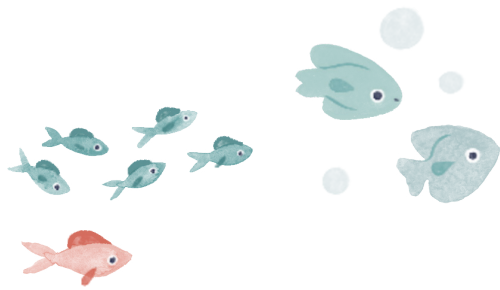

Expert, tailored compliance assistance with process improvement. Designing and executing custom initiatives including, but not limited to, staff education and training and achieving overall compliance and credentialing industry best practices.

*Customized solutions for payers.*

*Flexible support structure to meet evolving compliance demands.*

*Expertise in diverse compliance environments.*

## Your Path to Compliance Excellence

### Step 1: Initial Consultation

Begin with a comprehensive review of policies and procedures with recommendations for improvement.

### Step 2: Customized Plan Development

Receive Corrective Action Plan Implementation, designed to address your organization's unique requirements.

### Step 3: Implementation & Training

Implement your compliance solution with our expert guidance, including staff training and support.

### Step 4: Special Projects

Offer specialized compliance support to achieve excellence in adhering to industry best practices for credentialing.

### Ready to elevate your compliance strategy?
